Important Questions	Answers	Why This Matters:
What is the overall deductible?	**$0**	See the Common Medical Events chart below for your costs for services this plan covers.
Are there services covered before you meet your deductible?	Not applicable.	This plan does not have a deductible.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	In-network: Medical: **$4,600**/individual; **$9,200**/family. Prescription drugs: **$2,000**/individual; **$4,000**/family. There are no out-of-network out-of-pocket limits.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Balance-billing charges, premiums, health care this plan does not cover, penalties for failure to obtain preauthorization, in-network dental care, and in-network vision care.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.bluecrossma.com/findadoctor or call 1-800-821-1388 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.
